

## Patient Centered Primary Care Home (PCPCH) Enrollment

### Measure Basic Information

**Name and date of specifications used:** OHA originally developed these specifications based on recommendations from OHA's Metrics and Scoring Committee, December 2012, and has updated them to reflect changes in the Patient Centered Primary Care Home Program structure, November 2016, and changes to the exclusions for 2017 and 2018 made by the Metrics & Scoring Committee in October 2017.

**URL of Specifications:** N/A

**Measure Type:**

HEDIS ☐ PQI ☐ Survey ☐ Other ☒ Specify: OHA-developed

**Measure Utility:**

CCO Incentive ☒ Core Performance ☐ CMS Adult Set ☐ CHIP Set ☐ State Performance ☒  
Other ☐ Specify:

**Data Source:** Patient Centered Primary Care Home (PCPCH) enrollment by tier and tribal clinic enrollment via self-report from CCOs; total CCO enrollment via MMIS/DSSURS

**Measurement Period:**

This measure is looking for total PCPCH enrollment by the end of calendar year 2018 (December 2018). OHA will collect updated PCPCH enrollment rates from CCOs quarterly throughout 2018, but the final calculation will be based on PCPCH enrollment as of December 31, 2018. See due dates in Reporting section below.

**Benchmark:** The PCPCH Enrollment measure does not have a benchmark. CCOs receive credit for this measure on a sliding scale, based on the overall percentage of their membership enrolled in a PCPCH. Since 2013, a threshold of 60 percent has been used to differentiate between quality pool payment levels.<sup>1</sup>

**Incentive Measure Changes in specifications from 2017 to 2018:**

- N/A.
- Note that inclusion of 'grace period' for identifying clinics that might have applied for 5 STAR designation by December 31<sup>st</sup> of the measurement year is retained.
- Note also that the October 2017 Metrics & Scoring Committee decision to exclude members attributed or assigned to tribal clinics from this measure for both the 2017 and 2018

---

<sup>1</sup> See annual Quality Pool Methodology ("Reference Instructions") posted online at <http://www.oregon.gov/oha/HPA/ANALYTICS/Pages/CCO-Baseline-Data.aspx>

measurement periods remains. Members enrolled in tribal clinics will be counted in the measure again beginning in 2019.

**Denied claims:** N/A

**Member type:** CCO A ☒

CCO B ☒

CCO G ☐

## Measure Details

**Data elements required denominator:** Total CCO enrollment for the same month as the PCPCH enrollment snapshot multiplied by 5.

OHA produces total CCO enrollment from MMIS/DSSURS as of the 15<sup>th</sup> of the month. For example, the December 2018 snapshot of PCPCH enrollment will use December 15<sup>th</sup>, 2018 total CCO enrollment (times 5) for the denominator. Monthly enrollment reports can be found online at <http://www.oregon.gov/oha/HSD/OHP/Pages/Reports.aspx>

**Required exclusions for denominator:** Members attributed or assigned to tribal clinics. To be excluded from the measure, clinics must meet the following criteria:

- Officially-recognized tribal clinic
- Contracted with a CCO as of the reporting month
- No PCPCH tier recognition (OHA will verify PCPCH recognition and tier with the PCPCH program)

CCOs will submit a list of clinics who meet the above criteria in the PCPCH quarterly survey, and the number of members attributed or assigned to each of those clinics. OHA will exclude that number of members from the CCO's denominator.

**Deviations from cited specifications for denominator:** N/A

**Data elements required numerator:** Number of CCO members enrolled in PCPCHs by tier, using the following formula:

$$(\text{Tier 1 members} * 1) + (\text{Tier 2 members} * 2) + (\text{Tier 3 members} * 3) + (\text{Tier 4 members} * 4) + (5 \text{ STAR members} * 5) = \text{numerator}$$

Given concerns about the length of time it might take for site visits for 5 STAR designation to be completed, OHA is including a 'grace period' for the final CY 2018 reporting. Specifically, if CCOs have practices that have applied for 5 STAR designation by December 31, 2018 that have not yet received a site visit, OHA will ask CCOs to provide this information as part of the Q4 reporting.

OHA will then work with the PCPCH program to include any updated information for recognition occurring between January 1 and April 30, 2019. That is, OHA will include updated information about practices that have applied for 5 STAR designation by December 31, 2018 and receive 5 STAR designation by April 30, 2019 in the measure calculation to ensure CCOs receive credit for members assigned to this clinic.

**Required exclusions for numerator:** None.

**Deviations from cited specifications for numerator:** N/A

**Full Measure Formula**

$$\frac{(\text{Tier 1 members} * 1) + (\text{Tier 2 members} * 2) + (\text{Tier 3 members} * 3) + (\text{Tier 4 members} * 4) + (5 \text{ STAR members} * 5)}{(\text{Total CCO enrollment} * 5)}$$

**What are the continuous enrollment criteria:** None.

**What are allowable gaps in enrollment:** None.

**Define Anchor Date (if applicable):** None.

**Reporting**

CCOs are contractually obligated to report on the number of members assigned to providers in PCPCH practices on a quarterly basis. CCOs can also provide additional information on the number of health care teams or clinics meeting PCPCH standards, and the number of primary care practitioners accepting members in a PCPCH by tier.

CCOs report on the number of members assigned to providers in PCPCH practices quarterly, via online survey: <https://www.surveymonkey.com/s/PCPCHReport>. Due dates for each quarter are:

Q1 2018 – Due May 1, 2018

Q2 2018 – Due August 1, 2018

Q3 2018 – Due November 1, 2018

Q4 2018 – Due February 1, 2019

OHA intends to request a member-level attribution file, showing which members are assigned to which certified PCPCHs, at some point during the 2018 measurement year. This file will support more detailed analysis and cross-tabulation with other measures as well as measure validation. OHA will provide details on this reporting via the Metrics Technical Advisory Workgroup.
